

## YMSA 06

### New UCI type rules

This is a brief of the new rules for riders and observers

1. No axle point to go outside of tape vertical line.
2. All axles to pass gate of colour ie front/bb/rear.
3. The bb axle may not bridge tape or gate point.
4. Any part of the bike in contact with the section apart from tyres is 1 point.
5. The bike or pedals may touch after a foot is on the ground but may not after the foot is lifted or, 1 point.
6. 1 point will be added to the score for every 15 seconds over the section time limit of 2.5 mins if there are points left to be used until a 5 is scored.
7. Scoring will be as the format of 0,1,2,3,4,5 5 is the max in any one section run.
8. No person or minders may talk to the rider in the section or give him help in any way this will be a 5 for the rider in question ( a person may ask the observer if they can enter the section to stand in a set point of safety for the rider but not follow him round.)
9. Any problems in a section are to be noted by the rider and observer and will be dealt with at the end of that lap by D Butler (report at signing on desk).
10. If you make 5 points in a section at this point stop riding and leave the section so to not waste time for riders that are waiting.
11. After each lap return to the signing on to take a new score card.
12. Riders with a YMSA pass will be allowed to jump waiting riders as these people have taken time or effort to help the trial on the day.
